How did you hear about us? Google FTE Powerstroke.org Facebook Other: _____

*** Note: Absolute minimum passenger side battery voltage here is 13.30 volts (>13.6 preferred). Have less? You NEED a stronger alternator - see items 13 and 14 from our Maintenance Tips page. Weak batteries and alternators kill FICMs!**

Please include payment via check made payable to FICMrepair.com with this form and your module.

Iowa residents, please add 7% sales tax to the total - Warranty coverage is not transferable

We will beat your local Ford/Chevy/Dodge dealer on any of your OEM part needs! Just ask us!
