How did you hear about us? Google FTE Powerstroke.org Facebook Other: _____

* Note: Absolute minimum passenger side battery voltage here is 13.30 volts (>13.6 preferred). Have less? You NEED a stronger alternator - see items 13 and 14 from our Maintenance Tips page. Weak batteries and alternators kill FICMs!

Please include payment via check made payable to FICMrepair.com with this form and your module.

Iowa residents, please add 7% sales tax to the total - Warranty coverage is not transferable

We will beat your local Ford/Chevy/Dodge dealer on any of your OEM part needs! Just ask us!
